Cold weather protects snow pack; big crowds expected

Both Mammoth and June Mt. areas are swamped with skiers for the Christmas

ALBIE PEARSON, former major league baseball player, and now a minister at Mammoth Lakes, will be the guest speaker at the Big Pine Civic Club banquet honoring the Big Pine Warriors football team Jan. 13 in the Big Pine gym. Reservations should be phoned to Hazel Perkins, 938-2316 or Tom McGuigan, 938-2504 by Jan. 11.

holiday season.

Temperatures at press time early Monday were very cold, keeping the snow packs in top shape.

Mammoth Mt. reported 32 inches of packed base with two inches of new snow. Skiing was rated excellent with all facilities operating.

June Mt. reported one to three ft. of pack, with a fresh covering of nearly two inches of new snow, and all facilities operating. Skiing was rated good.

CHP seeks help in updating directory

The Bridgeport CHP office is attempting to update its Community Involvement Directory and is asking for help.

They ask to be advised of any changes in organizations regarding personnel, addresses, telephone numbers, etc. and day (s), time and location of your meetings.

Assistance by letter will be appreciated and those participating will receive a copy of the directory upon completion.

Manslaughter charges dropped

Charges of involuntary manslaughter against Barbara Checo, 51, accused in the death of Erma "Lucky" Brannigan, 50, were dismissed by Superior Court Judge Verne Summers in Independence last week, who found there was no evidence to support a grand jury indictment.

Mrs. Brannigan died in the Southern Inyo Hospital last July following what was described as an altercation with Mrs. Checo at Darwin where both were residents.

Mrs. Checo had entered a plea of not guilty in an appearance before Judge Summers last month and had asked for a jury trial. She has been represented by Attorney Peggy Noland, of Lone Pine.

In other cases:

Patrick Gibson, of Reno, who had previously entered a plea of guilty to a charge of breaking into a car on Big Pine creek last August, was ordered sent to guidance center at Chico to submit to a diagnosis for 90 days. He was arrested on charges involving the burglarizing of cars at four trailheads last summer. He was given a psychiatric examination and found capable of understanding the complaint before making a plea of guilty in the Big Pine creek

Public invited to take 'show me' deer trip Sunday

On Sunday, Dec. 29, personnel of the California Department of Fish and Game will conduct a "show me" deer trip on the winter range of the Sherwin Grade deer herd.

Anyone is invited to participate. Persons attending should wear warm clothing, wear hiking boots and bring a lunch and binoculars. The walk will take in about 4 miles, which is about half of the winter range. The trip will last about 5 and a half hours. Those who do not wish to walk can be placed at strategic locations where they will see deer.

Meeting place will be on old Sherwin Grade at Boundary Road which is the Inyo-Mono County line. Meeting time will be 8 a.m.

Bridgeport CHP has slide show for groups

Bridgeport area of the California Highway Patrol would like to inform area winter visitors of the traffic problems in and around ski areas. In order to do this they have prepared a slide program on winter driving and parking.

Any organization interested in viewing and/or discussing winter traffic problems with CHP personnel should contact the CHP office at P. O. Box 158, Bridgeport or phone 932-8331.

Supervisors' meeting postponed by holiday

Mono county supervisors apparently feel New Year's Eve is a better time for working than Christmas.

The board has postponed Tuesday's meeting because of the Christmas holiday. The board has rescheduled the meeting for next Tuesday, Dec. 31, in Bridgeport.

Washoe Tribe members to share in distribution of \$3.8 million

If at least one-quarter of your blood originated in the Washoe Tribe of Nevada and California Indians, you may be eligible to share in the distribution of more than \$3,850,000—if you apply before Jan. 31.

The Washoes have been awarded \$5,523,536 by the federal government in settlement of their suit over lands taken from their ancestors by post-gold rush settlers along the California-Nevada border nearly 115 years ago.

The property runs south from Honey Lake, near Susanville, through the Lake Tahoe and Virginia City areas to Mono Lake near Lee Vining.

"We are making a special effort to notify California residents who have not maintained contact with the tribe but are eligible to enroll and participate in the proceeds of this settlement," said Robert L. Frank, chairman of the Washoe tribal council.

Under provisions of the Secretary of the Interior's

The winter range of the Sherwin Grade deer herd is in the area between Swall Meadow on the north and Pine Creek on the south. This herd sustained the heaviest losses, of the five herds in Mono County,

during the severe winter of 1969. Numbers of deer have been gradually increasing. At the present the Sherwin Grade herd numbers approximately 1700 animals. During the course of the four mile walk 200-300 deer will be seen.

The trip will be informative in that in addition to observing deer, the condition of the range and various browse plants will be pointed out. Other wildlife species that may be seen during the walk are chukar partridge, valley quail, blacktail jackrabbits, cottontails, coyotes, various hawks and golden eagles. There also has been a mountain lion in the area.

Library examiners award certificate to Arlene Reveal

California state board of library examiners has awarded Arlene Reveal a county librarian certificate, an acknowledgement of proficiency in library science.

Working out of the county education library in Bridgeport, Mrs. Reveal is working on a project that she said will extend library services in Bridgeport and in Mammoth by opening the libraries more in the evenings.

She had been a catalog librarian at Spring Valley School in La Mesa and was an administrative assistant to the Mono county superintendent of schools.

plan for distribution and use of the money, 70 per cent of it (\$3,863,289) will be distributed in cash to tribal members, 20 per cent (\$1,103,796) will be invested and 10 per cent (\$556,451) will be used to improve the Washoe tribal property.

Eligible persons should write requesting application forms from: Enrollment Committee, Washoe Tribe of Nevada and California, Post Office Box 284, Stewart, Nev. 89437. Persons with previous applications on file need not reapply, Frank said, but they should notify the tribal office of their current mailing addresses.

Documentation of Washoe heritage is required in the applications, Frank said. Washoe children who have been adopted by non-Washoe parents also may be eligible to participate.

The amount of each member's share will not be known until all applications have been received and processed. There now are approximately 1,300 applications on file with the tribal office.

Littlest Angel now works for the Lord

(Ed. Note: The following story by Robert Hunter appeared in the Riverside County Record, and gives the interesting background of one of Mammoth Lakes' finest citizens, Albie Pearson):

"We are here to glorify the Lord, and to extend fellowship to one another," said Albie Pearson, former Jurupa resident now pastor of the Mammoth Ministry, a non-denominational church at Mammoth Lakes, California, last Sunday. "The First Commandment is that thou shalt love the Lord thy God with all thy heart" and the second, "Thou shalt love thy neighbor as thyself".

Albie formerly lived in the Jurupa area while a player with the Angels and worked with young people in our

community.

He is presently pastor of Mammoth Ministry.

My wife, Lola, and son, Jim and I had attended the wedding of his second daughter, Karee, and Preston Barrett on Saturday, and stayed for the service on the mountain Sunday.

Albie's ministry, his congregation and his Sunday service are unique. All but a handful of his congregation of about 200 were young people in their teens and twenties, and they came not only from the Mammoth region, but from Auburn, Glendale, Santa Ana, Los Angeles and other areas.

He conducted his 2-hour service in an informal manner, basing his sermon on the Bible. And most of the songs, sung to guitar ac-

companiment, were from the psalms and scripture.

Although the service was twice as long as most church services, it held everyone's attention. At the end, many lingered to talk with Albie or others in the congregation.

Several young people took part in the service. Cherry Boone, daughter of Pat Boone, told of her trip to the Holy Land, how she acquired new understanding of the Bible, and how she was studying Hebrew in anticipation of making another trip there soon.

Jaime Owens, daughter of Jimmie Owens who wrote the "Come Together" show that has been presented in various parts of the world, said that during the staging of "Come Together" in Belfast, Ireland, there was a temporary cessation of bombing attacks. She feels

that the great rift in Ireland will be healed. A young school teacher, Carol, from near Sacramento, has written music for the 100th Psalm, and sang it to guitar accompaniment.

As the service progressed, Albie read from the Scripture and explained and expanded on the passages.

He had said, "I desire to love you as Christ loves His Church," and his inspiration has created in that church an unashamed, wholehearted fellowship that I've never seen before.

By the smiles on their faces, by their intense interest in the service and by their embraces when they meet, one can see that Albie has imbued them with his own commitment and love.

This remarkable church

(Continued on page 2)

Littlest Angel Now Works for the Lord

(Continued from page 1)

has drawn its young congregation from many backgrounds—Catholic, Protestant and Jewish, as well as those who believe in nothing.

Many of the young people were society dropouts who had been embittered and lost until they met Albie. Two such young men spoke during last Sunday's service.

His congregation started with three couples that met together to hear him a little over a year ago while he was on his evangelical trips. From that beginning have come more than 200 families and individuals, characterized by sincerity, enthusiasm and true Christian serenity.

Meeting originally in homes, the congregation meets now in the "Yodeler", a resort building at Mammoth, and plans to build a church beginning this winter. Land has been donated and, since a number of the congregation are in construction work, they plan to build the church themselves. No collection is taken in Albie's church, nor funds solicited; there is an unobtrusive box at the rear where donations can be placed.

Informality is the keynote, and the Bible is the foundation.

The Albie Pearson story is amazing.

He played professional baseball for 14 years, some 2000 games.

Although he stands only 5-foot 6-inches and weighs 140 pounds, he became Rookie of the Year in the American League with the old Washington Senators in the middle 1960's. He spent six years with the California Angels and for three years led the team in hitting and runs scored.

He was one of the highest paid baseball players of that era, had income from endorsements, and was widely sought as a speaker by sports organizations.

He was a top amateur golfer as well, winning the Bing Crosby Pro-Am one year, and he played occasionally with General Eisenhower.

He had a new Jaguar and a lavish, 3000-square foot home on the fairway at Jurupa Hills Country club. With his beautiful wife Helen and four daughters

(they now have five), Albie was on top of the world.

"I had success in worldly ways," he commented. "And I considered myself a Christian but I still was always in search of something else. I had a need to be fulfilled. I said that I was serving Christ, but really this wasn't uppermost in my life."

Then came a slide into home that injured Albie's spine. For three months, he couldn't use his hands to feed himself. Doctors said if he were operated on there was a 50-50 chance he would never walk again. By faith and discipline, Albie improved. One day, the Holy Spirit changed his life completely.

Albie had been scouting for the Yankees, and could have had a career in baseball without playing, but he had revised his goal.

He had always been interested in young people and he began to help more and more of them, particularly those with problems of drug abuse. As the word spread among young dissidents and drug users, more and more began to come to Albie's home on Sandoval for meetings, until at one time there were 180 packed into his house.

These young people, in the beginning, were often unkempt, ungroomed and unappealing. They were an affront to his neighbors, including those who regularly went to church, and complaints were made.

As complaints reached a crescendo, I made available to Albie a 2-story adobe house I owned on Riverview Dr., which he used until he moved from Riverside in 1968. While the neighbors on Riverview were more tolerant, there were disturbing incidents created by some young people who were angry that their friends were finding a new life with Albie.

I remember one night when gasoline was poured over the floors of the house, but was discovered before the malcontent applied the match. Jewelry, including wedding rings, were stolen from a widow living next door. But the work went forward. With the help of donations, Albie made a dormitory in part of the house, and it became home to youths leaving juvenile hall who couldn't go back to their parents or who had none. This was the first half-

way house in Riverside.

During these years, Albie never refused a request for help. He would bail delinquents out of jail, take them home for meals, give them a place to stay, sometimes have them paroled to him. And he gave them a view of a better life—through a belief in Christ.

"To get an addict off drugs, particularly hard drugs, you have to give him something better—a belief in the Lord," explained Albie. "That's why the government institutions have such a low percentage of permanent cures. A person has to have more than just medical treatment. He has to acquire the incentive to change his life, and that can come only through a religious experience."

In just the five years Albie lived in Jurupa Hills, he met and helped an estimated 4000 youths, most of whom have problems with drug abuse.

He moved to Hesperia in 1968, stayed two years and then moved to Smith Valley, Nev. He gave himself primarily to working with young people, principally those with a drug problem, and to speaking to young people's groups whenever called.

It was during this period that Albie decided to give himself completely to the Lord, to trust to the Lord for his sustenance, and to give all his time to those who needed him.

He had no organized church support, no regular income and made no solicitation for funds, but depended on what people sent him. This is his means of living today.

I once asked Albie how he was able to live, with his growing family (five children by then) on this sort of system.

He replied, "The Lord has been good to us, and when we have really needed help, he has moved someone to extend it to us."

He told me that at one evening meal, the family was down to a can of chicken soup and a carton of cottage cheese. "We thanked the Lord for our blessings," he always at this meal," he remembers. "The next morning a check arrived in the mail."

The luxurious home, the Jaguar automobile and diverse investments had long since gone, and from

then on Albie and his family lived in a rented home under modest circumstances.

But no one can look at him and his wife and their five daughters without realizing that he and his family have a peace of mind, a sense of purpose, and a love for others that can be matched by few. His home is always open, day or night, whether the family is there or not, to anyone who calls.

His two older daughters are married, the second one last week, to outstanding young men who are as deeply religious as they are. His wife, Helen, has been as steadfast as Albie; the younger children are growing in his church.

I asked Albie if he would soon be able to resume his many appearances around the country. He said he has a part interest in an airplane, is learning to fly and by spring will resume traveling. At present, he is spending most of his time building the Mammoth ministry, and anyone who seeks an inspirational Sunday service can find it from 10 a.m. to noon in the "Yodeler" at Mammoth mountain.

If the church is meeting elsewhere, it will be stated so in the local paper.

Albie's father and mother, Al and Virginia Pearson, must share in the credit for their son's achievement. They have led exemplary Christian lives, and today are an important part of his church. For many years, Al Pearson was in the automobile business in this general vicinity, and his wife was an interior decorator in Riverside.

Recently, the senior Pearsons moved to Bishop, where Al purchased a business. Al is the same size as Albie, was a top athlete in school, and in fact set a yardage record as scatback for the El Monte High football team that was not broken until Albie came along.

TABOOSE by Todd Watkins

Tracy Smith, former world record holder in the 3-mile indoor run, and Olympic competitor, was featured on the CBS network show that preceded the Rams-Redskin football game Sunday afternoon. Tracy and his wife were shown jogging in the High Sierra. Tracy is with the Inyo County Dept. of Education at the special school at Camp Inyo, Big Pine. His wife is a physical education teacher for Bishop elementary school. The CBS filming crew was in this area recently to film the sequences for the special. Unfortunately, the program was blacked out in Los Angeles, and therefore was not seen in Owens Valley. Areas in Mono received the program.

One of the area's oldest yuletide events, the Chas. Curtis Goodfellows Club presentation of gifts and goodies to kiddies, will not be held this year. First time in more than 60 years that the club hasn't performed in some manner at Christmas. In recent years the event has received far too little support . . . both from contributors and recipients. The club will remain in existence to aid young folks in various ways. In recent years the club has contributed mightily to retarded children's causes, pre-school programs, purchased playground equipment for youngsters at Bishop city park, and donated to various other causes. The club hopes to continue in this manner. The club was named for one Chas. Curtis, a lonesome soul who felt that folks should do something for kids at Christmas time. Actually, the entire program was conceived and carried on in its beginning by the late Harry Holland, operator of Bishop Theatre, who donated his theatre and expertise to the program. Harry's widow, Belle, and their many fine family members, still reside in our area, and all of them should be proud indeed that Harry's benevolent brainchild will be perpetuated in one form or another. President of the club today is one of Harry's sons, Howard, of Bishop post office, who among others will see that the club continues to help kids . . . the lifetime wish of Harry and other old-timers of our area.

This paper was printed on Monday for distribution before Christmas. Our New Year's edition will be printed on Monday of next week for the same reason. Items received too late for publication will appear in following issues.

Have a very MERRY CHRISTMAS and a most healthful and prosperous 1975.

Broncos face Lutheran in Fillmore tourney

Coach Gus Klekas and the Bishop High varsity basketball team swing into action in the annual Fillmore tournament, Thursday, Dec. 26.

The Broncos face a high-powered field in their quest for the tourney title, facing Lutheran of the Olympic League in the opening game of the tournament. The Bishop-Lutheran clash tips off at 3 p.m.

Also in the tourney field are Santa Paula and Bishop Diego in the same half of the 8-team draw with the Broncos and Lutheran.

In the other half of the draw, Nordhoff takes on Ontario and host Fillmore plays Bellarmine-Jefferson in first-round games.

The tourney goes three days and action after the first day is contingent on the results of the first round.

Klekas takes his squad to Fillmore with a record of 4-2, having scored a 53-52 win over Tehachapi last Saturday in the latest outing.

Following the tournament, the Broncos will be idle until opening the 1975 Desert-Inyo League schedule with a Jan. 10 home game against league title favorite Kern Valley.

Whether regular center Rock Baker will be available for tourney play was debatable early this week. Baker sat out the Tehachapi game after spraining an ankle in practice.

If Baker doesn't play, Wade Moxley is expected to handle the pivot position for the Broncos.

If coach Klekas goes with the same opening forwards and guards that started the

first six games, look for John Clair and Jeff Butler at the forwards and Kevin Baetge and Joe Klekas at the guards.

Also expected to see considerable tournament action are Dave Tockey, Lance Wagoner, Wade Tanksley and freshman Scott Smith.

Wrestlers lose team match at Burroughs

Bishop High wrestlers, with only one senior and one junior in the 12-man starting lineup, dropped a 42-32 team decision at Burroughs Dec. 17.

Bishop wrestlers won six matches against the Burros. Richard Lingle (95 pounds), Richard Lopez (112), Brad Larson (138) and Tony Avitia (145) all won their matches by pins. Guy Williams won by forfeit.

Heavyweight Carl Fuerst won the feature match from his Burroughs opponent by a 10-4 decision.

Bronco coaches Joe Maruca and Regan Green report their young team, built around a nucleus of five freshmen and five sophomores, has lost in all three outings to date but has shown steady improvement in each successive outing.

First home match for the Bronco grapplers will be against Hawthorne, Nevada the evening (7 p.m.) of Wednesday, Jan. 8.

TELEVISION TRIP—As a rooter for the Rams ever since they moved west to Los Angeles from Cleveland in 1946, I couldn't see passing up last Sunday's televised playoff with the Washington Redskins.

As you know, the game was blacked out on our local cable system which brings us the Los Angeles channels.

A few phone calls established the fact that there is reception of Reno network channels at Montgomery Pass, so yours truly drove up the hill to visit manager Larry Schmidt and company at the casino. We saw the Rams beat the Redskins, 19-10, and all the viewers had a good time. We were all Rams rooters.

Larry told me that several contingents of Bishop football fans rolled over the pass to other Nevada environs to watch the game, including one sizable group that showed up in the casino Sunday morning when the CBS channel "wasn't working right."

Reception wasn't too good when I arrived, but a few maneuvers with the dials on the casino set by some of the assembled experts squared things away in time for the kickoff.

The trip was reminiscent of the "old days," 20 years ago, when local boxing fans traveled to Aberdeen resort each Friday night to watch the weekly boxing shows. That was before television reception became a fact in the rest of Inyo-Mono and before the weekly boxing cards from New York's Madison Square Garden went down the tube.

C.I.F. GRID VOTING—Selectors met Dec. 23 to choose the C.I.F. football teams for the Citizens Savings selection board.

The teams aren't recognized as official by the governing body of the C.I.F., southern section, but "unofficially," they're accepted by everyone.

At least three members of the 1974 Bishop Broncos, champions of the Desert-Inyo League, should be

candidates for the Class A offensive and defensive units.

That's an opinion, but don't be surprised if one or more of the Broncos are selected "all-C.I.F."

It's possible we'll have the word in time for the next edition of this paper.

On the subject of C.I.F. honorees, 1973 Bishop tackle Scott Burritt is in town during the holidays. Scott has completed his first season at Arizona State where, as a freshman, he played some middle guard for the Tempe school.

Burritt admits he didn't play as much as he would have preferred, but he was ill part of the season and his weight dropped to 240 pounds. But he's back up to 255 now and regaining some of his "lost strength."

YOUNG GRAPPLERS—Bishop High wrestling coach Joe Maruca feels his current group of grapplers may be the youngest varsity squad he'll ever have. The squad is almost all underclassmen, freshmen and sophomores.

Maruca says they haven't overpowered anyone, yet, but they are improving with every outing.

As an example of the overall youth of the team, the usual 12-man lineup for the Broncos consists of five freshmen, five sophomores, one junior and one senior.

One promising freshman is Tony Avitia, who competes at 145 pounds. Seems like there has been an Avitia

wrestling for Bishop ever since the local high school has had an interscholastic team. Tony is following in the footsteps of older brothers Miguel and Avel, both outstanding during their prep careers.

Incidentally, Miguel still has a year of college eligibility after two outstanding seasons at Bakersfield College and one year at Cal State Bakersfield. He's sitting out this year while helping out in the family business.

THE COLD FACTS ABOUT HEATING COSTS.

Because the cost of oil is soaring, it will cost you more to heat your home. But there are ways to save.

Home heating costs are up, regardless of the fuel used. So is the cost of producing electricity. The price of foreign oil used in electric generating plants has more than tripled in the past 18 months. And we must use foreign oil to meet rigid air pollution requirements.

Electricity is involved in most heating systems indirectly or directly, so budget your use of heating wisely. There are some suggestions:

Consider lowering the temperature setting. It could cost about

28% less for heating to keep the temperature at 68° instead of 72°.

It makes sense to turn your heat off when you're away from home. However, in freezing areas a 40° setting is advisable.

Are your doors and windows weather stripped?

Caulking small openings and seams will save energy—and money.

Closing draperies and curtains will hold heat in—and cold out.

So will closing your fireplace damper, and vents in rooms not in use.

Are your filters clean? Perhaps they need replacing.

Dirty return-air grills and warm-air ducts can drive up heating costs, too.

If you have electric radiant heating, you can save by turning off thermostats in rooms not in use.

As winter approaches, you'll need more heat. But by budgeting your use of electricity wisely, you can hold down your rising bill. For ways to do it, why not send for our free booklet? Write: "Conservation," Edison, P.O. Box 800, Rosemead, CA 91770.

LEE VINING HIGH

HAPPENINGS

by Leslie Sanders

For the first time in many years the Christmas pageant held at L.V.H.S. included nursery school through 12th grades. The pageant was a total success. The program was directed by Pat Dealey and Lynn Thee. Co-directors were Sharon Good and Alison Moss. The main prompter was Cheryl Ripley. Stagecrew was Jim Morgan and Dave Ripley; set design was done by Dave Beaver, Harvey Brower, Wes Johnson, Al Morgan, Dave Ripley, Shane Wright, Dale Crawford, and Jim Hathaway; actors were the high school drama club and elementary 1st-8th graders; and the dancers were Mariann Fronk, Margie Fronk, Susie Gidney, Carolyn Hall, Cindy Manes, Kim Murphey, Danielle Willette, Nicole Dondero, Linda Chalmers, Crissy Chalmers, Vicki Andreas, Lisa Dondero, Carrie Dore, Jamie Lunbeck, Shelli Whear, and Karin Aldrich. Part I of the program featured the June Lake Nursery School, taught by Tina Smith, singing "Jingle Bells."

Next came grades K-12 singing a medley of Christmas songs. Part III consisted of a group of skits based on the legends of Christmas. Then the 8th grade girls sang "Santa's Rag" and "Let There be Peace."

The Lee Vining elementary band was next. They played "Jingle Bells." In the final part of the pageant the audience joined in to sing Christmas carols.

What can you say about a Nordic team that has the ability to be number one, but in one short race blows their chances? When the L.V.H.S. Nordic team is all there and with it (which is rarely the case) they can take first place, but unfortunately this was not the case at the C.N.I.S.F. Nordic meet at Mt. Rose Dec. 20.

Dedication is the key word in order to have a number one Nordic team, and this is what the Lee Vining team lacks. At least four racers are needed to even place in a race and with only two girls showing up to race, the L.V. team was greatly handicapped.

The boys attempted to carry the girls by placing as well as they could but the burden was too great.

Individual L.V. results were: Girls—18th Leslie Sanders 31:28.67; 29) Dianna Ives 34:14.77. Boys—10th Dave Mannetter 50:48.13; 26th Dave Dore 54:54.94; 32nd Glenn Ives 56:35.83; 35th Mike Fronk 57:52.94; 37th Mark Smallwood 58:26.19. The team placed 8th overall. League standings as of now are: First, George Whittell, 33; second, Mammoth, 32; third, North Tahoe, 23; fourth, Lee Vining and Portola, 22 each; sixth, South Tahoe, 17; seventh, Davis, 15; eighth, Tahoe Truckee, 12; ninth, Placer, 3 pts.

The next race is Jan. 4 at Mt. Rose.

OVER THE LINE

Nevada News

by Bill Roberts

WALTER COX, former publisher and presently a regular columnist for the Mason Valley News, recently published some interesting Christmas suggestions. In lieu of our regular column of short items, we decided to reprint a few of Cox's thoughts and some of our own for our readers on Christmas, 1974. (Publication date of this newspaper is Dec. 26 but we know it hit the streets Monday).

According to Cox: "Of course if one of your favorite uncles, who might be leaving some money to a favorite niece of nephew is around he might appreciate a bottle of corn squeezings or a box of cigars. He already has enough ties, handkerchiefs and after-shaving lotion to start a yard sale or bazaar. If Aunt Katie is still hail and hearty and well heeled you can butter her up with a box of candy, a bottle from which she can take a wee sniff when her rheumatism works up. You may substitute the word "snort" for "sniff."

"For dear mother we suggest a 20-pound turkey and for dear papa a good splitting axe that may be used on the wood pile. In past years we have suggested a fur coat for mother but since the weather experts predict that we will not have a cold winter this item can be postponed, however, father's axe will always come in handy. Once we would have suggested a new shot gun but this has been a poor hunting season and he can better spend his time doing odd jobs about the house. Since son now makes at least \$3 an hour doing odd jobs in his spare time we suggest that he buy his own presents. If daughter is handy about the house buy her a pretty dress or pants outfit.

"We now come to an important part of the holiday season and it is the gaily decorated tree. If you didn't have a tree where would you place the presents. Of course we have two schools of thought on gift giving: one holds to the idea of not opening packages until Christmas Eve or on Christmas morning; the other school opens the package the minute they arrive. This school can be considered as the inquisitive. Regardless of your thoughts on opening packages it might be advised to open any package that is leaking."

A FEW THOUGHTS OF OUR OWN might also be in order, even though we have not experienced as many Christmases as Mr. Cox.

Inflation has hit the pocket book of all gift-givers but it has made for a very rewarding pre-Christmas season for our family. Unable to buy many of the gifts that we had purchased in the past, we turned to making many of our gifts. Although the homemade gift might not carry much special significance for the receivers, we have found a deep satisfaction in knowing that not only our money but also our time, talent (whatever bit we had) and feeling went into each gift.

Once again the wife came home with what appeared to be the most tattered and bedraggled tree around. And just as in other years, she made it into what has to be the most beautiful tree we have ever had. The fact that 90 per cent of the ornaments were handmade by our grandmother made for another extra special plus in our Christmas.

And finally, Christmas 1974 has forced us to look at our "hole card" once again and the result is another "something special." Throughout the year we have grumbled about high prices, shortages in everything imaginable, bad weather, good weather and everything in between. But as the year draws to a close we can only be thankful for the many good things in our life: a new and rewarding job, the chance to live in the most beautiful of places and much closer to our family and for a renewal of faith in the many important things in our lives—the yearly renewal which accompanies Christmas.

To each reader, his or her family and friends, we wish a most Merry Christmas and a prosperous New Year.

Delta Epsilon Gamma makes Xmas party gift

Delta Epsilon Gamma Chapter of Beta Phi met recently at the home of Betty Jo Paronick with Pam Murphey as co-hostess and was voted to make a donation to the American Legion Auxiliary to assist them with their Christmas party for the children.

Vineca Hess presented her program, "Nature." She showed a very interesting film of earthquakes and volcanic eruptions and a Christmas picture depicting the birth of the Christ Child.

All of the members regret that Mary Illingsworth is moving to San Luis Obispo and president Penny Kellogg, announced that Mary would be presented with a "friendship plate."

The Blaver residence was beautifully decorated in keeping with the holidays and filled with fun and laughter when the Midnight

Cowgirls met to play bridge last Thursday night. Mary Illingsworth went home with the first prize and also the slam prize, Marcy Casey took second and Betty Jo Paronick the duce prize. The Illingsworths are moving to San Luis Obispo and the girls presented her with a going-away gift in the form of a "Money Tree."

Mono Legion installs pool, pingpong tables

Post 672 and Auxiliary Unit 672, Lee Vining, held their respective meetings the past week. The Post has installed a pool table for the benefit of the members and their guests. Many thanks go to Mr. and Mrs. Barsi of Lee Vining Market for their donation of the ping-pong table for the hall.

Survey form is offered for community college courses

Mammoth Lakes residents and people in the surrounding area who are interested in taking community college courses (some that are university parallel—courses that are transferable to a four-year university), will find a survey form to fill out in this issue of this newspaper.

To be given at Mammoth High School, these courses would be open to juniors and seniors who have obtained the permission of their principal and who wish to earn college credits while still attending high school, as well as being open to all adults.

There will be no tuition charge for California residents (persons living in California for at least one year) nor for students enrolling in six units (two classes) or less.

The following list indicates the type of courses which could be offered to Mammoth Lakes residents and people in the surrounding area through

HUSKIE HIGHLIGHTS

by Patti Micheo

Mammoth high Huskies were defeated by the Indian Springs T-birds Dec. 13 at the Bishop gym. The T-birds were a very good, experienced team, but the Huskies, after a bad first quarter, managed to play even with them. Hank Matoza was the high scorer for the game with 15, followed by Ron Delzell with 12. The final score was 62-41.

Mammoth played the Big Pine Warriors on Dec. 14. The Huskies played well, and kept a large point margin ahead of the Warriors until the third quarter when Big Pine outscored them 23-5. The Huskies made a come back in the fourth, but fell short to the Warriors, 59-52. Hank Matoza scored 19 points, Ron Delzell had 10 points and nine rebounds in the first half, and Gary Dondero and Randy Jensen each had seven points.

Mammoth High J.V. played Big Pine's J.V. Dec. 14 and won their second game of the season. The little Huskies beat the Warriors, 40-21, in a game that was their's all the way. Faron Sam had 16 points and 17 rebounds. Last week the

J.V.'s also played Owens Valley varsity, showing the finest defensive effort so far this year. Bernie Weisz was the high point man with 12. The final score was 47-37, Owens Valley.

Mammoth nordic ski team raced at Deadman last week, competing with nine schools from the Tahoe and Sacramento areas. Mammoth came in fourth. Sean Murphy got a second in the boys division for Mammoth's team.

Students and teachers are finally settling down to the routine of regular school since desks have arrived and the multi-purpose room is now open for use. Mammoth high held its first real pep rally last Friday in the new room. Some of the students and teachers gave their views on our new school; Paula Van Nattan: "It's really getting better." Mike Weisz: "It's kind of congested." Denise Manning: "I like it; anything is better than being up at the lifts." Coach Rick Jeffery: "I like the school over-all, and I enjoy the kids, but I detest the school spirit. I like the physical plant and the athletic program, too."

Crowley Lake

by Ruby Reese

There is going to be a New Year's party, sponsored by the Crowley Lake Chamber of Commerce, and the tickets will be the same as last year, \$10 a couple. This includes everything, and this is about the best bargain in town! There will be music to dance to, and everyone always has a good time. New officers were elected at the last meeting, so there will be a new slate for 1975. I understand there will be a membership drive in January, so be ready to join, and help shape your community! The next meeting will be Jan. 9 at 7:30 p.m., in the terminal building at the airport.

Mammoth Elementary school had their Christmas plays, beautiful! The kindergarten performed as a singing group, and there was one little girl you could hear above all the rest! She was singing her heart out, and beat everyone else to the end of every line, and finished before anyone else did!

Mammoth District Women's club is planning another bingo in January. Next meeting will be Jan. 2, at 7:45 p.m. in the school library.

School is out, re-opens Jan. 6. Personal notes... Sharon and Tim Richardson are having a family dinner Christmas Eve... Cindy Richardson will be coming down from Reno, to spend Christmas with her parents, Tootie and Dave Richardson... Ruth and Charlie Fox are enjoying the company of Ruth's niece Marjorie Davis, and her friend, from El Monte... We expect Lynn Reese to join her daughter, Tammy, and spend the holidays with

us... Mr. and Mrs. Charles Smith will be returning home to Crowley Lake for the holidays. They have enjoyed a two month vacation in the southland, spending time in San Diego, Vista and Pasadena... Sue Behnke will not be able to get home for Christmas day, but will have Christmas with her parents, Doris and Bob Behnke, Dec. 29. She is with the Washoe Medical Center, in Reno... Bob Dickens and his wife Maryann, will be visiting with their grandson, Keith Richardson, and celebrate Christmas early this Saturday. They are on their way south, to spend Christmas with Bob's mother, Ora, who lives in Little Rock... Now I want to do a little bragging on our granddaughter, Tammy Reese. We are indeed proud of her! Since she grew up in this area, and attended Mammoth elementary school, I'm sure she has lots of friends here, who will be proud of her too! She drew a Christmas card and entered it in the Laguna Beach school contest. She won, and her card was reproduced and sent to all the board members and staff of the El Morro elementary school, in Laguna Beach... Tootie Richardson returned home today from a trip south. She visited Beulah and Howard Ensminger in Oceanside, and is glad to report that Howard is coming along fine. The Ensmingers are former residents of Crowley Lake. Hope you are surrounded by the ones you love on Christmas, and have a wonderful holiday!

Cal Trout forms Hot Creek Owens River task force

Devotees of the Hot Creek-Owens River brand of wild trout fishing have been greeted with good news from Cal Trout. The statewide anglers organization has formed an aggressive new unit dedicated solely to the protection and enhancement of the Hot Creek-Owens River system in the eastern Sierra, according to Cal Trout officials who made the announcement jointly in Los Angeles and San Francisco. "For most of this century the Owens River system has been under attack by developers. Yet the Hot Creek-Owens River complex has gained respect and reputation by providing some of the finest trout fishing in the U.S. in the face of substantial fishing pressure. It's fame began with the writings of Zane Grey and came into prominence when portions of Hot Creek (a tributary of the Owens) was classified by the Department of Fish and Game as a Wild Trout stream with special fish management policies," said Cal Trout Vice President Laird Stabler of Compton, who will act as the Task Group Chairman.

On the subject of Hot Creek, Stabler quoted DFG's wild trout specialist John Dienstadt who claims that brown trout production in Hot Creek exceeds that of most of the world's classic chalk streams. Stabler, and Cal Trout President Richard May in San Francisco, went on to say that a soon-to-be-released biological study conducted by the Department of Fish and Game and partially financed by Cal Trout will illustrate both the amazing productivity of that stream and the success of the two-bag limit-flies-only regulation instituted there in recent years.

Of importance to the local area is the national attraction of the Owens system as a recreation resource which draws many fishermen and sportsmen to the vicinity, so it's reasonable to assume that the protection of the fishery is of major economic significance. Hot Creek's proximity to the population center of the Western United States, Los Angeles, underscores the fact that the quality fishing this stream provides is a veritable gem.

One purpose of the new Cal Trout unit will be to monitor proposed land developments upstream which may affect either the water quality or water flow, especially those developments in the Mammoth Lakes region. The continuous pressure to take water out of Mammoth Creek, which poses a threat to both Hot Creek Fish Hatchery and Hot Creek itself, is a strong threat. Other current threats include a proposal to tap geothermal energy in the Hot Creek area which could drastically change the water temperature of that stream.

Cal Trout for several years has been working with the Department of Fish and Game and the Los Angeles Department of Water and Power on Owens River stream bed improvement in the Pleasant Valley Campground area between Pleasant Valley Dam and Bishop. If feasible, that project could provide a whole new fishing stream for the enjoyment of sportsmen.

Angler use of the Hot Creek-Owens River Complex has exploded in the past decade with no commensurate increases in DFG personnel. In fact, personnel has been decreased. Such practices as chumming with cans of dog food on Crowley Lake go unpunished for lack of DFG enforcement personnel. In the opinion of Cal Trout the DFG needs growing public support, and this will be achieved through the public information efforts of the Task Group.

Other problems exist too. For example, the artificial introduction many years ago of beavers into the Owens River Gorge below Crowley Lake. Unmolested, because of lack of natural predators, they have built many beaver ponds, which have covered spawning gravel with silt. The water temperature has risen to nearly unacceptable levels because of the pooling.

Thoughtless fishermen in Crowley Lake have illegally introduced bait fish into the entire upper Owens River system leaving the lake and its tributaries a giant system for one of the state's largest and most varied rough fish populations. It is believed these fish all pose fierce competition for the trout, and probably is a major contributor to the decrease in angler success at Crowley as well as most of the upper Owens.

Rough fish control is of critical importance to cold water fisheries, and is the subject of a series of major research programs and projects financed by Cal Trout. The results of these investigations will be of great importance to the Owens River and Crowley Lake fishery.

Since Hot Creek and the Owens River are of such wide interest to fishermen, Cal Trout has asked that anyone with suggestions or support contact... Cal Trout headquarters at P.O. Box 2046, San Francisco, CA 94126, or Laird Stabler, Vice-President, 3039 Ana St., Compton, CA 90221.

Deaths

Vivian W. Denton

Funeral services were held Dec. 21, for Vivian Webster Denton, 83, of Bridgeport, following her death Dec. 19 at Northern Inyo Hospital, Bishop.

Mrs. Denton was born Sept. 7, 1891 in Marysville, Ohio.

She moved to Pasadena about 1911 and attended normal school which later became University of Southern California. She went to Randsburg about 1916 as a teacher and married Dr. Wm. L. Denton in 1917. He was the doctor for the Yellow Aster mine at the time. Dr. Denton was drafted into the U.S. Army and she followed him to camps in the U.S. They returned to Randsburg about 1920. Their first son, William, died as an infant. From Randsburg they moved to Trona where he was medical officer in charge of the hospital for American Potash. He retired from that position in the early 1940's and they moved to Bridgeport where he was Mono county health officer and ran the community's hospital. He passed away in 1952. Mrs. Denton was a member of the Rebekah Lodge, Bridgeport. She was one of the most kindly ladies this editor ever knew.

She is survived by two sons, District Attorney N. Edward Denton of Bridgeport and Dr. Robert W. Denton of Bishop; a sister, Mrs. Bessie Stone of Portland, Oregon; six grandchildren, and one great-granddaughter.

The Rev. J. Hackett Johnson of the First Presbyterian Church of Bishop officiated at the service, held at the Bridgeport Community Church. Burial was in the Bridgeport cemetery.

Pallbearers were Robert Barnes, Lester Buck, Albert Davis, Walter Cain, M. H. DeChambeau, and W. B. Evans. Honorary pallbearers were Slick Bryant, Danny Bryant, Willis Smith, Harry Pollack, Sam Cohen, and George Delury.

Heavy holiday travel forecast by CHP

California drivers will travel more than five billion miles during the 10-day period ending Jan. 2 if California Highway Patrol Commissioner Dan Lanza's estimates are accurate.

"It could turn out to be the busiest 10 days in CHP history," Lanza said, "School's out, so several million Californians will take off the extra day or two required to transform either Christmas or New Year's into a five-day vacation."

"And because gasoline is in good supply most of them won't settle for staying at home. They are going hit the road and head for distant destinations."

Inyo-Mono highway travel is expected to top the same period in 1973.

Broncos edge Warriors, 53-52

Staving off a second-half Tehachapi comeback, the Bishop cage varsity took a 53-52 decision over the visiting Warriors last Saturday night in the Bishop boys gym.

The non-league battle between the Desert-Inyo League co-champs of last season was the final pre-Christmas game for both teams.

They will meet again in a Desert-Inyo contest next Feb. 8 in the Tehachapi gym.

Bishop upped its season record to 4-2 with the victory. Tehachapi slipped to 5-2 in pre-season skirmishing.

A big second quarter paid off for the Broncos, who barely staved off the Warriors in the final half after building a 32-18 half-time lead. The Broncos broke out of a 10-10 tie at the end of the first quarter to zoom as much as 16 points ahead on the shooting of Dave Tockey and aggressive ball-hustling of Lance Wagoner. The pair came off the bench to give the struggling starters a second-quarter lift, but didn't return to action until the fourth quarter.

By that time the Warriors had taken control of everything but the lead, cutting the Bishop lead to 5 points at one time and trailing 40-33 at the start of the fourth heat.

Except for the consistent shooting of forward John Clair, the Broncos were unable to handle the balanced scoring attack of the Tehachapi starting unit of Mike Anthony, Ken Booker, Steve Denman, Mark Lopez and Mike Thompson through the first seven minutes of the fourth quarter. However, each time the Warriors cut the lead down (2 points at one juncture), Clair responded until the game entered the final minute with Bishop holding a 47-44 margin.

Instead of holding the ball, the Broncos kept firing away and the two teams scored a total of 14 points in the final 59 seconds. First, Bishop's Jeff Butler hit a layup for 49-44, then Tehachapi closed to 49-48 in the next 17 seconds on two freebies by Lopez and a jumper by Anthony.

With just 39 seconds left, Bishop's Kevin Baetge plunked two free throws on a one-and-one for 51-48, but Lopez hit on a drive 5 seconds later for 51-50.

Forced to foul to regain the ball, the Warriors picked Tockey and he responded with two free flips on one-and-one with 25 seconds left

for the final Bishop points. The Warriors then missed a couple of shots before Thompson drove the lane for a bucket in the final second of play.

Clair led all scorers with 20 points and Tockey put in 11 points for the winners (9 in the second quarter), and Butler scored 10. Wagoner didn't score but kept things stirred up while on the floor. Center Wade Moxley also failed to score but played a tough rebounding game for the winners.

Lopez, a good outside shooter, plunked 16 points for the Warriors and Thompson contributed 10.

Bishop's regular starting center, Rock Baker, didn't play because of a sprained ankle.

Bishop scoring: Clair 20; Tockey 11; Butler 10; Baetge 8; Klekas 2; Wade Tanksley 2.

Tehachapi scoring: Lopez 16; Thompson 10; Booker 8; Anthony 6; Denman 6; Reeder 5; Morris 1.

PRELIMINARY RESULTS
In the preliminary games, the Bishop junior varsity edged Owens Valley, 47-44, and the Bronco Frosh lost a 46-38 verdict to the Tehachapi freshman team.

The prelim results sent the Bronco jayvees to the Christmas break with a 3-4 record, while the Bishop Frosh went into the holidays with a 5-2 mark.

Trailing 39-32 at the end of three quarters, the Bishop jayvees clamped a defensive lid on the Cubs in the final heat to pull out a 47-44 win.

The Cubs had only one bucket and were a sad 1-for-8 in the free-throw column in the final eight minutes.

Meanwhile, the Bronco juniors were getting six points from Norm Hollis and five from Howard in the final heat to come from behind.

Mike Snead led the winners with 13 points, while Howard put in 11 and Elliot 10 points.

Dave Williams had 19 points and Gregg Gracey 16 for the Cubs.

The Bronco-Owens Valley contest was scheduled as a replacement game when Bishop was cancelled out of the Kern Valley jayvee tournament.

FROSH LOSE
Coach Jack Crowther's Bishop Frosh had a five-game win skein snapped by

the undefeated Tehachapi freshmen, 46-38.

The young Broncos trailed all the way after dropping behind by quarter scores of 9-4, 23-15 and 36-27, and were down by 12 points (41-29) with four minutes left.

At that point the Broncos rallied and threw a scare into the Warriors. They scored eight straight points in 90 seconds, closing to 41-37 on two buckets by Greg Butler and two freebies and a basket by Steve West.

But the Warriors regained control and were running up the margin again at the finish.

Smithson led the winners with 20 points, while Butler scored 14 for the Broncos.

Free throws made the difference, Tehachapi hitting 16-of-33 from the line while the Broncos were only 6-of-15.

Dr. Frank Prewitt to speak at Mammoth Community Church

Dr. J. Frank Prewitt, professor of Bible and History at Western Baptist Bible College, Salem, Oregon, will be guest speaker at a series of 7:30 p.m. meetings set for Mammoth Community Church, Sunday, Dec. 29 through Saturday, Jan. 4. He will speak on "What Does The Future Hold for Arab Nations and Israel?"

The program will include slides on Dr. Prewitt's personal tours. New Year's eve those wishing to stay after will share in a potluck of holiday desserts and finger foods.

Gallaghers purchase Pinecrest Lodge

Ray and Jan Gallagher of San Diego recently purchased the Pinecrest Lodge on Pinecrest Avenue in Mammoth Lakes. The Gallagher's have put many hours into totally redecorating the facilities for their ski season guests. The Pinecrest is an excellent men and women's dorm facility. The new owners have future plans for the comfort of the lodgers which include a game room, kitchen area and the sale of lift tickets at the front desk. The rates are reasonable and the hospitality is terrific!

C of C directors review activities

Mammoth Lakes Chamber of Commerce directors met Monday morning at Comstock Lodge for breakfast, and a review of current activities.

Success of the Christmas decoration program was reviewed. The village's official Christmas tree in front of the Standard Station, has been gaily decorated for the enjoyment of residents and visitors, President Sam Walker stated.

May this holiday season ring in joy for you & yours

Methodist women honor Margaret Warfield

Mrs. Pat Calloway, president of the United Methodist Women, entertained the club in her home Dec. 16.

Mrs. Margaret Warfield was presented a going away gift in thanks for all the work she has accomplished in the name of the church.

The women voted to take part in a needy family box project for the next year. They also are starting a study group on "The Problems of the American Indian and Our Problem of Understanding Them." Mrs. Virginia Howe is organizing the study and the first class will be held Jan. 15 at 1:30 in the social hall of the church. Anyone interested is welcome to attend.

Sierra Crest 4-H toy drive a success

Sierra Crest 4-H club this week reported that its recent toy drive for the Creative Workshop in Bishop was a success with three truck loads of toys and a \$50 donation for the workshop.

The club held a White elephant Christmas party Dec. 16 with songs and games enjoyed under the Christmas tree. Refreshments were served at the event at the Methodist church.

Grace Lutheran sets December Youth Night Sunday, Dec. 29

December Youth Night at Grace Lutheran Church will take the form of a New Year's Party, Sunday, Dec. 29, at 6:30 p.m.

There will be games, refreshments and a closing Devotion. All youth from the seventh grade on up are invited to attend.

December Youth Night will also be the occasion when the newly elected officers of the Youth Counselors Staff will be introduced to the youth group. Those elected to serve in 1975 are: Bill Ellis, chairman; Karen Inderteiten, secretary; Richard Peterson, treasurer; Bob Donner, game chairman; Jan Ellis, publicity chairman; Rev. George Duerr, Bible study chairman.

New counselors being added to the staff are Don and Jody Kothman, replacing Steve and Tricia Brink who recently moved to Eureka.

Benton

by Dorothy Mathieu

Calling on old friends here Thursday were former residents, Mary and Al Wagner of Carson City. They sent seasons greetings to all their old friends.

Because Christmas comes on Wednesday this year Library Day will be changed to Thursday Dec. 26. The hours will be from 9 a.m. to 11 a.m. and from 5:30 to 7:30 p.m.

Many thanks to the Morin family for their gift of books for the Benton Branch of Mono County Free Library.

First place winner of the Chess Tournament held at Edna Beaman School was Amy Zack. Amy and Cy Reed will go to Lee Vining in January to play the winners of that school.

Tri-Valley Singers sang two Christmas songs at the Christmas program Thursday evening and sang again at the Christmas party in Chalfant Valley Saturday. They also accompanied Benton 4-H Club in singing Carols in the community Monday evening.

Merry Christmas to all from the folks in Benton and Hammil Valley!

Christmas Eve service features three choirs

A Christmas Eve service of special music will be presented at the First Presbyterian Church in Bishop starting at 7:30 p.m. which has been arranged by Phila Behrendt, choir director.

All three church choirs will be taking part, the Cherub, Crusader and Adult. The adult choir will present the cantata "The Wonder of Christmas" by John W. Peterson, with Dorothy Craig (pianist) and Susan Brockman (organist). There will be several solos.

Pastor Hackett Johnson will bring a brief thought entitled "Christmas, the Gift of Eternity."

Klassen joins staff at Mammoth Pharmacy

Calvin Klassen, recently of Dinuba, has joined the staff of Mammoth Village Pharmacy, owner Al Wilson reports.

Klassen is a graduate of the University of the Pacific with a degree in pharmacy.

Beta Sigma Phi to aid two families

Xi Kappa Zeta and Chi Gamma chapters of Beta Sigma Phi held a joint meeting and Christmas party Dec. 17 at the home of Ina Kinzy with 22 members present. After a short business meeting, a fun quiz was given to the members. Secret rose sisters were revealed, with many surprised sisters knowing at last their "secret rose sister." The social committee presented each member a gift for their husbands from Santa, such things as old light bulb, a very large horse pill, broken telephone, toy truck, a lemon (for a music teacher) and many funny gag gifts.

The service committee reported Beta Sigma Phi will help two families with a gift certificate, canned goods and a Christmas dinner this year as a Christmas service project.

Next meeting will be held Jan. 7 at the home of Susan Lind.

B. P. Women's Club entertains husbands

Big Pine Women's Club held their annual Christmas dinner Dec. 17 with the husbands as invited guests.

Mrs. Dee Dee Peterson, Mrs. Inga Stewart and Mrs. Caroline Bay served as the dinner committee with Mrs. Pat Calloway acting as waitress and clean up gal.

Exchange gifts were passed out by Vic Wisehart, acting as Santa. Then all present joined in bingo with nearly everyone being lucky and winning a prize from the assorted gift basket.

"Color of Skiing" film Dec. 27-28

"Color of Skiing," Warren Miller's new 90-minute color film, will be shown Dec. 27 and 28 at Warming Hut No. 2 at Chair 7 and 8, Mammoth Lakes. Tickets are available at the door, or by phoning 934-2571 for any directions or information. Show times are 7 and 9 p.m., both nights.

High school trustees approve exemption policy on PE classes

Bishop high school board of trustees gave unanimous approval Thursday night to exempting certain second-semester senior students from taking physical classes. The policy will be effective beginning in January.

The board voted to approve provisions of California Senate bill 1856, enabling senior students who attend class fewer than 240 minutes each day, and who otherwise meet all graduation requirements, to be exempted from attending PE classes. Under terms of the bill, no student may exempt PE classes without parental approval.

Some trustees questioned what students would do with their extra time, noting some students who would be exempted are now taking as few as two classes each day.

Dr. Don Taylor, high school superintendent, pointed out many of the affected students work and several would be employed as teachers' aides in the elementary schools. Others spend time in the work experience program.

Taylor noted the Bishop high school district was "almost unique" in having seven class periods in each day. Most high schools have only six periods, but the extra seventh period enables students to accumulate more class credits before their senior year. As a result, some seniors do not carry a full class load.

"For the not-so-serious or really turned-off student, they are probably better off," Taylor said. "They're just spinning their wheels anyway. For the in-between student, it might make a difference."

Board members agreed it might be necessary to review at a later date the seven-period-a-day schedule.

In other action, Dr. Taylor reported the high school district stands to lose about \$35,000 in tax revenue because of a decline in the assessed valuation of about \$2 million if Union Carbide is successful in its tax assessment protest. Taylor said the school district would not seek a tax increase, in spite of the expected loss, because it would be able to make up the difference through undistributed reserve funds.

The board also heard a report on testing results from Ken Tanksley, high school vice principal. The percentile ratings for the current semester showed Bishop students scored 59 in reading, 66 in language, 39 in spelling and 80 in mathematics. As example, 59 percentile in reading indicates 59 per cent of the school districts in California scored lower than Bishop students.

The test results showed Bishop students were within normal range of California students in reading, language and spelling and above average in mathematics.

Trustees also accepted gifts totaling \$700 in value. One donation, from Donna and Ray Milovich of Bishop, a 15-volume set encyclopedia of art and is now being used by the art department.

A second donation, valued at \$200, was a stone and silver sculpture created by Jess Nelson, a 1962 graduate of BUHS, who is now an artist in Costa Mesa. Nelson,

29, was recipient of a Rotary Club scholarship. He designs sculptures which are later mass produced. Taylor noted Nelson is seeking to rent a cabin in the Bishop area to seek inspiration for his works of art.

The board also approved hiring Mrs. Roberta Matlick for two weeks to fill in for Ron Smith whose leave of absence is effective Jan. 13. Mrs. Matlick will be paid \$50 a day rather than the normal \$28 because she will be responsible for final testing and posting of grades.

Square Dancing

Calectric Squares will hold a New Year's Eve dance at Plant 4, Dec. 31, with dancing from 9 p.m. until ? All square dancers are invited. A table of finger foods (bring your favorite) will be set up.

The Half-Way dance honoring Darrell and Mollie's beginners' class will be held at the Elks lodge Jan. 18.

The Calectric Christmas dance and dinner was a big success. Hill Kopp, Merydith Macklin and Bill Caipen each called a tip and our own Darrell Marsh was in top form. Santa made his customary appearance.

Training course

The Emergency Medical Services Activity will be conducting an instructor training course in Bishop starting in January. Anyone with an interest to train emergency medical technicians or public service employees can contact the fire station for applications.

NOTICE

Notice is hereby given that Project Operator acting on behalf of the County of Inyo have entered into an agreement with the Employment Development Department, Prime Sponsor in the balance-of-State Counties, for its share of a federal grant allocated to administer the Title I program of the Comprehensive Employment and Training Act of 1973(CETA).

Inyo County's share of this allocation is approximately \$85,837. The County's goal for utilizing these funds is to provide training and employment to the unemployed, underemployed, and economically disadvantaged. During the Fiscal Year 1974-75, ending June 30, 1975, \$53,398 of the total allocation will be expended to provide part-time work experience for 70 economically disadvantaged persons.

During the early part of next year, the County will enter into an agreement with EDD for the remaining portion of the allocation to provide short-term employment for qualifying youth during the summer of 1975.

Special attention for all of the above programs will be focused on Vietnam veterans, disadvantaged youth, unskilled workers and welfare recipients. Members of minority groups and women will also receive special attention.

The CETA Project Operating Plan for the County can be reviewed by interested individuals at the Administrative Offices of Inyo County, between the hours of 8:00 A.M. and 5:00 P.M. Comments or questions should be directed to John Smith, County Administrative Officer, County of Inyo-Courthouse, Independence, CA 93526 or Mark Sanders, Chief, State Manpower Planning Office, 800 Capitol Mall, Sacramento, CA 95814.

Warning issued on use of snowmobiles

Snow in the eastern Sierra region is getting thinner in some areas due to a lack of winter storms.

Operating snowmobiles when the blanket of snow on the ground is not too thick can be dangerous to snowmobilers as well as damaging to vegetation.

"We are concerned with the public's safety as the snow depth continues to diminish—rocks, holes over stream courses, etc.," commented Mono Lake district ranger Tom Whear.

"In addition to public safety we are concerned about snowmobiles damaging the tops of young trees and other vegetation sticking out above the snow. We would like to urge people with snowmobiles to stay on snow covered roads or in areas that are adequately covered with snow until there is a deeper blanket of snow."

Big Pine swamps Bishop JVs 65-36; Nip Mammoth Huskies

by Tom McGuigan

It was nearly over before it started. Last Tuesday Big Pine jumped out front of the Bishop JV, 10-0, and from that point it became a matter of time until the final score of 65-36 was reached.

Although Bishop kept it respectable until the end of the first half, 29-17, the third quarter proved the beginning of the end. BP 6-4 center Clint Spicer tipped one in and even with two quick jump shots from sophomore Gary Kaiser the Broncos couldn't overcome the more experienced Warriors.

While the third period sealed Bishop's fate, a 16-2 BP scoring binge to begin the final stanza nailed the door shut. Coach Al Balen used his bench (two of an 11 man squad didn't suitup, Rod Dixon had an infected foot and Elbe Brown absent on personal business) outpointed Bishop 19-8 in the quarter. Junior forward Lynn Brolsma pumped in six points, junior guard Bob Piercey effectively directed BP's attack, and 6-1 Steve Valenzuela, after one day of practice (he dropped basketball earlier then decided to return), gave the Warriors needed board strength.

Using his height to excellent advantage, Spicer on four occasions went high to tip in missed shots. He completed the night with a personal high of 14 points to lead Big Pine in that department. Forward John Lopez continued to contribute the timely basket, finishing with 10 points and teammate Matt Heindel added 12 more.

Most consistent scorer for Bishop was Norm Hollis' 14. His play kept the Broncos in the game until the second half. Without him on the boards the scoring gap could have been worse.

Meeting for the second time in two weeks, Big Pine upped their pre-league record to 4-1 by struggling past Mammoth Dec. 20, 48-42.

Struggle is the word for both teams and the official. That's right, only one showed—Tom Fortney. As happens occasionally there was a mixup and Mr. Fortney got the short end of the mix. Having just one whistle tooter you get a cross between something that resembles football and basketball.

Without many called fouls (in fairness to Fortney it must be pointed out he had an impossible job) scoring wasn't the event of the night. If you didn't get your points from the field just forget it. Mammoth picked up a one and one with 3:55 left in the first half and BP was awarded a like effort with 58 seconds to go in the game. The Huskies converted theirs but BP failed their golden opportunity.

We said scoring wasn't an event—after one quarter Mammoth held a slim 9-8 lead. Some excitement was

generated when Fred Willis fired in a 25 footer at the buzzer to put BP in front at the half, 20-17, but after that the hope was to get the game over before any injuries resulted.

Second half festivities opened with Gary Dondero driving for a layup to get Mammoth within one at 20-19. But John Lopez's baseline jumper put the Warriors up by three. From there they continued to keep the Huskies at safe distance.

With 3:20 left in the game Willis stole an errant Huskie pass, then hit Dennis Fansler for a twisting layup that gave BP a 44-34 margin. Mammoth made one final effort on Michener and Dondero baskets, but Fansler, who ended the night with 18, went the length of the court twice in a span of 20 seconds to boost the difference to ten (48-38) with 1:15 remaining.

5-9 Hank Matoza, Mammoth's quick guard, was their scoring threat with 13.

Big Pine returns to the hard court after the holiday break in a non-league encounter at Lone Pine. Tipoff is Jan. 7 at 8 p.m. League play begins with two road contests, Owens Valley Jan. 10 and Death Valley Jan. 11. After being dumped unceremoniously in three previous starts the Big Pine JV suffered through 33 turnovers against the Bishop frosh to lose number four, 59-26.

Apparently thinking enough was enough, coach Ray LeVitt started a quintet of freshmen against Mammoth's frosh Dec. 20, downing them, 57-20.

Using steals and a fast break, BP's Donald Walton led all scorers with 12.
